1. About CU Denver

Meet Your Moment at CU Denver

Millions of moments start at CU Denver, where innovation, research, and learning meet in the heart of a global city.

Founded in 1973, CU Denver is a public urban research university and part of the University of Colorado System. With more than 100 programs across bachelor's, master's, doctoral, professional, and continuing education, CU Denver serves more than 14,000 diverse learners at different stages of their lives and careers.

Across its schools and colleges, faculty and students work together to solve complex challenges, pursue research, and create meaningful impact. The university is committed to making education work for all by combining high-quality education with real-world opportunities, research, innovation, and a strong sense of community.

CU Denver is a university for life and a catalyst for social mobility. Its brand promise is simple: **You will meet your moment here.**

2. About CU Denver in India

CU Denver in Hyderabad

CU Denver's India campus in Hyderabad brings the university's globally recognized education to one of India's leading ecosystems for technology, business, academia, and infrastructure.

The campus offers a globally connected, multidisciplinary learning experience that combines academic depth with applied, career-connected learning. Students benefit from experiential learning, interdisciplinary problem-solving, and opportunities to engage with industry, helping them build the knowledge and skills needed for evolving careers.

Located within Hyderabad's dynamic business and technology ecosystem, the campus reflects CU Denver's commitment to academic quality, career readiness, social mobility, and meaningful connections between education and the world of work.

3. Academics

CU Denver will offer a growing portfolio of undergraduate and postgraduate programs in India, giving students the opportunity to pursue a CU Denver education in a range of disciplines spanning business, technology, data, psychology, economics, finance, and entrepreneurship.

Programs will launch during the first three years of the India campus.

3.1 Details of Courses Offered and Eligibility Criteria

Undergraduate Programs

1. **BS Business Administration**

Launch: 2027
Duration: 4 years
Domestic Student Fees: INR 14,50,000 per year
International Student Fees: INR 16,70,000 per year

The BS in Business Administration provides a broad foundation in business, with majors in Finance, Management, and Entrepreneurship. Students develop knowledge across areas including accounting, economics, finance, business statistics, operations management, business law, organizational behavior, marketing, information technology, and global strategy.

The program combines case-based learning, team projects, simulations, data analysis, and technology-enabled problem-solving. Students also have opportunities for experiential learning through internships, study abroad, or project-based courses.

Eligibility Criteria

CU Denver accepts applications from candidates in their final school year, given Grade XII details are duly submitted once available.

Standardized test scores are not mandatory for admission, but applicants may submit available scores as additional supporting information.

Applicants should have completed the required secondary-school qualifications and meet the below minimum cumulative average score or grade requirement:

- **CBSE:** 60% score overall
- **CISCE:** 50% score overall
- **Andhra Pradesh State Board:** 50% score overall

- **All other state boards:** 60% score overall
- **International Baccalaureate:** Cumulative average score of 4 per Subject
- **Cambridge:** Cumulative average score of 5 or grade C

Documents Required

- **If you have completed Class XII:** Class X certificate, Class XI transcript, and Class XII certificate.
- **If you are still in high school:** Class IX transcript, Class X certificate, and Class XI transcript.

English Language Proficiency

Applicants must demonstrate English language proficiency to qualify for full admission to CU Denver's Hyderabad campus. You can meet this requirement through one of the following options:

- **Class XII**: 60%+ in English
- **IB**: English 4+
- **Cambridge:** GCSE 4+ or C in English

For International applicants, an approved English language proficiency test score may be required based on educational background and country of study.

For more details about English-language proficiency, visit the official first-year admissions page, go to the **How to Apply** section, and select the **English Language Proficiency** tab.

Predicted Grades (Provisional Criteria)

You don't need to wait for your final Class XII results to apply. Class XI or pre-board scores may be used to assess your application for a conditional offer.

2. **BS Computer Science**

Launch: 2027
Duration: 4 years
Domestic Student Fees: INR 14,50,000 per year
International Student Fees: INR 16,70,000 per year

The BS in Computer Science provides a flexible foundation in computing while allowing students to explore areas including machine learning and data science, computer graphics and

game design, programming, software engineering, systems, scientific computing, secure computing, and cyber-physical systems.

Students combine foundational theory with hands-on programming, laboratory work, and project-based learning, culminating in a two-semester Senior Design experience.

Eligibility Criteria

CU Denver accepts applications from candidates in their final school year, given Grade XII details are duly submitted once available.

Standardized test scores are not mandatory for admission, but applicants may submit available scores as additional supporting information.

Applicants should have completed the required secondary-school qualifications and meet the below minimum cumulative average score or grade requirement:

- **CBSE:** 60% score overall and 60% in Mathematics
- **CISCE:** 50% score overall and 50% in Mathematics
- **Andhra Pradesh State Board:** 50% score overall and 50% in Mathematics
- **All other state boards:** 60% score overall and 60% in Mathematics
- **International Baccalaureate:** Cumulative average score of 4 per Subject, including an average score of 4 or higher in Mathematics
- **Cambridge:** Cumulative average score of 5 or grade C, including a minimum cumulative average mathematics score of 6 or grade B

Documents Required

- If you have completed Class XII: Class X certificate, Class XI transcript, and Class XII certificate.
- If you are still in school: Class IX transcript, Class X certificate, and Class XI transcript.

English Language Proficiency

Applicants must demonstrate English-language proficiency to qualify for full admission to CU Denver's Hyderabad campus. You can meet this requirement through any one of the following options:

- **Class XII**: 60%+ in English
- **IB**: English 4+
- **Cambridge:** GCSE 4+ or C in English

For International applicants, an approved English language proficiency test score may be required based on educational background and country of study.

For more details about English-language proficiency, visit the official first-year admissions page, go to the **How to Apply** section, and select the **English Language Proficiency** tab.

Predicted Grades (Provisional Criteria)

You don’t need to wait for your final Class XII results to apply. Class XI or pre-board scores may be used to assess your application for a conditional offer.

Postgraduate Programs

1. **MBA (One-Year Accelerated)**

Launch: 2027
Duration: 1 year
Domestic Student Fees: INR 25,00,000 per year
International Student Fees: INR 29,00,000 per year

The MBA (One-Year Accelerated) uses applied, experiential, and cohort-based learning to develop the skills needed to navigate complex organizational environments.

Students learn through case analysis, simulations, team projects, and technology-enabled problem-solving while building leadership, collaboration, and strategic thinking skills. The program combines a common core with specializations and electives aligned with professional goals.

Eligibility Criteria

- No minimum GPA requirement

Supporting Documents

If you have completed your bachelor's degree:

- Individual mark sheets for every semester, including failed exams, issued by your university or autonomous college.
- A degree certificate issued by your university, stating the degree title and date of award. Provisional certificates may be accepted for admission review.

If you are still pursuing your bachelor's degree:

- Individual marksheets for completed semesters (including failed exams):
    - Four-year degree: Six semesters of marksheets.
    - Three-year degree: Four semesters of marksheets.
- A continuing studies letter issued by your university.

English Language Proficiency

Applicants must demonstrate English-language proficiency to qualify for full admission to CU Denver's Hyderabad campus. You can meet this requirement through one of the following options:

- **Class XII**: 60%+ in English
- **IB**: English 4+
- **Cambridge:** GCSE 4+ or C in English

For International applicants, an approved English language proficiency test score may be required based on educational background and country of study.

For more details about English-language proficiency, visit the official first-year admissions page, go to the **How to Apply** section, and select the **English Language Proficiency** tab.

Additional requirements:

- Two letters of recommendation
- GMAT or GRE scores are generally not required but may be requested based on an individual review of academic qualifications and professional experience.

Predicted Grades (Provisional Criteria)

Applicants awaiting their final bachelor's degree results may apply for the MBA (One-Year Accelerated) and be considered for a conditional offer, subject to eligibility.

Statement of Purpose (SOP) or Personal Statement

To apply for our MBA (One-Year Accelerated), you'll need to submit a statement of purpose or personal statement explaining your professional aspirations, interest in business, and reasons for choosing the program.

2. **MS Computer Science**

Launch: 2027
Duration: 1 year
Domestic Student Fees: INR 19,00,000 per year
International Student Fees: INR 22,00,000 per year

The MS in Computer Science provides opportunities for advanced study, research, and professional development across areas including algorithms, artificial intelligence, big data, data science, communication networks, computer architecture, distributed computing, high-performance computing, operating systems, parallel processing, and software engineering.

Students may pursue course-only, project, or thesis pathways, depending on their academic and professional goals.

Eligibility Criteria

Applicants with a GPA of 3.2 out of 4.0 or 7 out of 10 in a BS degree in Computer Science, Computer Engineering, or an equivalent computer science discipline may advance directly to the next stage.

All other applications will be reviewed by the Admissions Committee.

Supporting Documents

Graduates with a Bachelor's Degree

- Official individual mark sheets for every semester, including failed exams.
- A degree certificate showing the degree title and date of award. A provisional certificate may be accepted for admission review.

Applicants Currently Pursuing a Bachelor's Degree

- Official individual mark sheets for completed semesters (including failed exams):
    - Six semesters for a four-year degree.
    - Four semesters for a three-year degree.
- A continuing studies letter issued by your university.

English Language Proficiency

Applicants must demonstrate English-language proficiency to qualify for full admission to CU Denver's Hyderabad campus. You can meet this requirement through one of the following options:

- **Class XII:** 60%+ in English
- **IB:** English 4+
- **Cambridge:** GCSE 4+ or C in English

For International applicants, an approved English language proficiency test score may be required based on educational background and country of study.

For more details about English-language proficiency, visit the official first-year admissions page, go to the **How to Apply** section, and select the **English Language Proficiency** tab.

Additional requirements: Two letters of recommendation

Predicted Grades (Provisional Criteria)

You can apply for the MS in Computer Science even if your final bachelor's degree results are pending. Eligible applicants may be considered for a conditional offer.

Statement of Purpose (SOP) or Personal Statement

As part of your application, you'll need to submit a statement of purpose or personal statement outlining your academic interests, professional goals, and motivation for studying the MS in Computer Science.

3.2 Admission Process

Undergraduate Admissions

Undergraduate applicants submit their application through the admissions portal along with the required academic and supporting documents. Applications are reviewed for completeness, academic qualifications, English-language proficiency, and other applicable entry requirements. Eligible applicants are invited for an interview with the Admissions Team. Completed applications then undergo the applicable credential evaluation and university review before an admissions decision is made.

Postgraduate Admissions

Postgraduate applicants submit their application along with the required academic and supporting documents through the admissions portal. Applications are reviewed for completeness, academic qualifications, English-language proficiency, and other applicable entry requirements. Eligible applicants are invited for an interview with the Admissions Team. Completed applications then undergo the applicable credential evaluation and university review before an admissions decision is made.

4. Infrastructure

4.1 Why India

India's higher education landscape continues to evolve through greater internationalization, multidisciplinary learning, and stronger connections between industry and academia. With growing demand for globally recognized qualifications, India offers CU Denver an opportunity to bring its academic experience to a local context while responding to the aspirations of Indian students.

4.2 Why Hyderabad

Hyderabad has been proposed as the location for CU Denver's India campus because of its strong ecosystem spanning technology, business, academia, and infrastructure. The city offers proximity to business hubs, transport links, student amenities, and accommodation options.

The campus is expected to be located in a leading business district, with an anticipated footprint of approximately 60,000 to 70,000 square feet. It will provide students with access to a dynamic environment shaped by technology, business, and innovation.

4.3 Facilities

The CU Denver India campus will include classrooms and learning spaces designed to support academic instruction and collaboration, along with laboratories and other spaces that support hands-on learning and research.

The campus will also include a library with digital resources; spaces for collaboration and independent study and seminar spaces; faculty and administrative facilities; and student areas for social interaction and community activities.

5. Student Experience

5.1 Career Services

Career services will support students through one-on-one counseling, workshops, résumé clinics, and networking opportunities with industry professionals.

Students will have opportunities to pursue internships, live projects, and placements, supported by professional development in areas such as entrepreneurship, leadership, and digital skills.

5.2 Clubs and Extracurriculars

The campus will offer opportunities to participate in academic, cultural, creative, and sporting activities.

Academic societies can provide opportunities to explore interests such as entrepreneurship, technology, and finance, while cultural and creative activities can include music, dance, and drama. Sports and fitness activities will also form part of student life.

Hackathons, cultural festivals, and business competitions will provide additional opportunities for students to collaborate, participate, and develop their skills.

5.3 Global Community for India Students

Students will become part of CU Denver’s community of more than 120,000 alumni after graduation.

The alumni network will provide opportunities for networking, career conversations, and mentorship, helping graduates maintain connections with the university and build professional relationships beyond their time on campus.

5.4 Student Support

Student well-being will be an important part of campus life. Support will include counseling services, mentorship, and peer-support opportunities to help students manage academic and personal challenges.

The university will also provide appropriate mechanisms for addressing student concerns, including grievance-resolution procedures and measures to support a safe and inclusive campus environment.

6. Refund Policy

CU Denver's refund process covers enrollment and billing, tuition appeals, withdrawals, and refunds of eligible credit balances. A formal registration closure and add or drop deadline will be established for each term at CU Denver's Hyderabad campus. Students must follow the official withdrawal process to be considered withdrawn. Students who are administratively dropped before this deadline will not be held financially responsible for tuition and applicable fees.

The refund of tuition and other academic fees upon withdrawal of admission shall be governed by the following timelines:

Percentage of Fee Refund	Time When Notice of Withdrawal of Admission Is Received by the University
100%	15 days or more before the formally notified last date of admission (after deduction of up to 5% of fees paid or INR 5,000, whichever is lower)
90%	Less than 15 days before the formally notified last date of admission
80%	15 days or less after the formally notified last date of admission
50%	Between 16 and 30 days after the formally notified last date of admission
0%	More than 30 days after the formally notified last date of admission

Refunds for eligible credit balances, including overpayments, will be processed in accordance with the applicable university process and UGC guidelines. Further details on the refund policy and process will be provided through the university's official channels.

7. Scholarship Details

CU Denver plans to offer scholarships to support students from a range of backgrounds, including merit- and need-based scholarships. Scholarships may be available to eligible students. Further details and final eligibility criteria will be communicated to students through the university's official channels.
